Dear \_\_\_\_\_

It's not too late to make a very smart decision – one that can take a considerable weight off your shoulders.

### Settle your account for good.

With our simple Chase settlement plan, you have a great opportunity to put your outstanding credit card balance behind you once and for all. Best of all, you can do it for a lot less than what you owe.

As the attached coupon shows, we will accept a reduced payment of just \$6,654.00 if you respond by the date above. When you pay this amount, we'll stop any collection calls immediately and waive your remaining debt, saving you a significant amount of money. Your account will be reported as settled to the credit reporting agencies upon completion of your settlement.

### We'll meet you part way. But you must act now.

When your account is past due, it's falling further behind with each passing day, even if you don't hear from us. That's why it's so important that you call now to accept this settlement offer.

If you do nothing or wait too long, you'll miss out on this special opportunity. If that happens, you'll once again be responsible for the full amount of your balance.

### One phone call is all it takes.

Wouldn't it feel great to resolve your balance, and have one less bill to worry about? Call us today at 1-866-351-3889 to make payment arrangements. Or simply talk to us about your situation and get it off your chest. Odds are, we have a way to help you get the weight off your shoulders.
